

Year 2

Spring 2 2017

Dates for your diary

Friday 3rd March– PD Day

During this topic we will observe the local area by walking around the community. We will design maps and make observational drawings.

Reminder

All children should remember to bring their PE kit, including plimsolls. PE is on a Monday and Wednesday.

Please make sure that your child reads at home every night. This is extremely important and will help with their writing and spelling.

Our topic this half term is Street Detectives

What you could do at home

Walk around the local area to look at street furniture.

Talk about changes in the local area.

Talk with your grandparents about how streets and houses have changed.

Look at photographs of how children have changed from baby to seven year olds.

In Science we will be looking at plants, animals and healthy living. As part of this we will walk down to the local farm and hopefully see new born lambs!
